Perennials: Flowering Plants								
	<i>achillea millefolium</i> <i>Moonshine</i>	Yarrow	Clump-forming; compact; bright lemon-yellow flowers	F,P	HB	2'	#1	12.00
	<i>actaea racemosa</i> <i>Hillside Black Beauty</i>	Bugbane	Small; numerous; creamy white, strongly fragrant flowers late summer	P,S	FR	72"	#1	18.90
	<i>amsonia tabernaemontana</i>	Bluestar	Blue, tubular flowers; leaves turn golden yellow in fall	F,P	RG	3'	#1	12.00
	<i>asclepias tuberosa</i>	Butterfly Weed	Bright orange to yellow-orange flowers; long bloom period, attracts monarch butterfly larvae	F	HB,RG	18"	#1	12.00
	<i>aster novi-angliae</i>	New England Aster	Fall flowers are deep purple	F,P	HB,RG	24"	#1	12.00
	<i>caulophyllum thalictroides</i>	Blue Cohhosh	Blue fruits, back of border; Native American herb, berries are poisonous	P,S	DF	24"	#1	12.00
	<i>chelone glabra</i>	White Turtlehead	Interesting white flowers midsummer	P,S	RG,WA	24"	#1	10.80
	<i>coreopsis lanceolata</i>	Lance-leaved coreopsis	Yellow, daisy-like flowers; attracts butterflies	F	HB	24"	#1	10.35
	<i>echinacea purpurea</i>	Coneflower	Purple flowers; self seeds; attracts butterflies	F,P	HB	18"	#1	10.50
	<i>eupatorium perfoliatum</i>	Boneset	Clump-forming, small, fluffy white flowers late summer to fall	F	RG	24"	#1B	18.00
	<i>geranium maculatum</i>	Wild Geranium	Mounding habit; pink to lilac flowers for 6-7 weeks in spring	F,P	HB,RG	24"	#1	12.00

	<u>Scientific Name</u>	<u>Common Name</u>	<u>Comments</u>	<u>Light</u>	<u>Garden Type</u>	<u>Height</u>	<u>Plant</u>	<u>Price</u>
	<i>iris versicolor</i>	Blue Flag	Elegant form; blue-purple flowers, easy to grow.	F,P	WA,RG	24"	#1	10.80
	<i>liatris spicata</i>	Blazing Star/ Gayfeather	Clump-forming; deep purple flower heads in summer	F	HB,RG	48"	#1	11.55
	<i>limonium latifolium</i>	Sea lavender	Cut flower, light blue flowers in mid to late summer	F	HB	28"	#1SQ	14.70
	<i>lupinus perennis</i>	Lupine	Lavender blooms from late spring to early summer, scarify seeds	F,P	HB	30"	#1	12.00
	<i>lobelia cardinalis</i>	Cardinal Flower	Cardinal red flowers in late summer; great along streams, low wooded areas	F,P	HB	48"	#1B	10.35
	<i>monarda didyma fistulosa</i>	Wild Bergamot	Clump forming, mint family; aromatic leaves may be used in teas	F,P	HB, FR, RG	48"	#1	10.35
	<i>monarda didyma</i>	Bee Balm Gardenview	Rose-red flowers, long summer bloom period, leaves used for teas	F,P	HB,FR,RG	36"	#1	11.55
	<i>monarda didyma</i>	Bee Balm Purple Rooster	Royal purple flowers with spicy fragrance	F,P	HB,FR,RG	36"	#1	11.55
	<i>physostegia virginiana Ms Manners</i>	Obedient Plant	Flowers pink, leaves dark green; good cut flower	F,P,S	RG	24"	C300	11.55
	<i>polygonatum com humile</i>	Solomon's Seal	Arching stems; white flowers in early spring;groundcover for shade; poisonous	P,S	RG	18"	SP5	8.55
	<i>tiarella cordifolia</i>	Foam Flower	Delicate white flowers in early spring	P,S		6"	#1	12.60
Edible Plants								
	<i>rubus Darrow</i>	Blackberry	Firm, juicy honeysweet fruit, divide every 3rd year	F,P	DF	4-6'	9-12"	18.45
	<i>vaccinium angustifolium</i>	Lowbush blueberry	Sweet, matures mid to late summer	F,P,S	DF	1-3'	9-12"	15.45
	<i>vaccinium angustifolium Michigan</i>	Lowbush blueberry	Compact habit; rugged; hardy; durable; delicious	F,P,S	DF	1-3'	#1	14.25
	<i>vaccinium corymbosum</i>	Highbush Blueberry						
	<i>Blue Crop</i>		Light blue berries,mid-season	F,P	DF	4-6'	15-18"	14.40
	<i>Blueray</i>		Mid-July through mid-August- Tasty!	F	DF	5'	15-18"	17.25
	<i>Patriot</i>		Cold hardy; high production, early	F,P	DF	4-6'	15-18"	22.35

	<u>Scientific Name</u>	<u>Common Name</u>	<u>Comments</u>	<u>Light</u>	<u>Garden Type</u>	<u>Height</u>	<u>Plant</u>	<u>Price</u>
	<i>vaccinium macrocarpum</i>	American Cranberry	Berries ready for fall picking	F	DF	12"	#1	21.75
	<i>vaccinium vitis Koralle</i>	Lingonberry	Eat fresh, in desserts and juices; harvest July through August	F	DF	10-12"	#1	16.50
Vines and Ground Covers								
	<i>arctostaphylos uva ursi</i>	Bearberry	Best in poor, sandy, very acid soils; salt-tolerant; groundcover	F,P	DA, RG, CA	6"	#1	13.80
	<i>cornus canadensis</i>	Bunchberry	Spreading groundcover; white flowers in spring; red fruit in fall	P,S	DF	6"	#1B	20.55
	<i>gaultheria procumbens</i>	Checkerberry/ Wintergreen	Evergreen groundcover, leaves fragrant when crushed, reddish in fall	P,S	FR, DF	6"	#1	14.85
	<i>mitchella repens</i>	Partridgeberry	Delicate plant; red fruits persist into winter	S	DF	2"	SP5	8.55
	<i>parthenocissus quinquefolia Engelmanni</i>	Virginia Creeper	Vigorous vine; tough; maroon fall color; tolerates alkaline soil, on order	F,P,S	HB	50'	#1	18.60
Erosion Control and Wildlife Support								
	<i>alnus rugosa</i>	Gray Alder	Female catkins followed by fruiting cones resembling small pine cones	F,P	HB	25'	15-18"	18.90
	<i>amelanchier canadensis</i>	Eastern Serviceberry	Useful in edible and wildlife landscapes; yellow-gold fall color	F,P	CA, FR, WA, DF	20'	18-24"	25.05
	<i>amelanchier laevis</i>	Smooth Serviceberry	Useful in edible and wildlife landscapes; leaves are bronze in spring	F,P	FR, WA, RG	25'	18-24"	19.20
	<i>aronia brilliantissima</i>	Black Chokeberry	Clusters of white to light pink flowers in spring followed by glossy red fruits suitable for jams and jellies	F,P	RG	8'	18-24"	17.10
	<i>aronia melanocarpa</i>	Black Chokeberry	Spreads by suckering stems; wine-red fall color; good wildlife plant	F,P	WA, DF	6'	18-24"	17.10
	<i>cephalanthus occidentalis</i>	Buttonbush	Good for wetland plantings	F	WA	6'	12-15"	12.90
	<i>clethra alnifolia</i>	Summersweet	Mid to late summer blooms of sweetly fragrant flowers	F,P	HB, RG, FR, WA	3-8'	9-12"	15.30
	<i>comptonia peregrina</i>	Sweetfern	Aromatic foliage; interesting texture; good in dry, sandy soil	F,P	DA, CA, RG	3'	SP5	10.50

	<u>Scientific Name</u>	<u>Common Name</u>	<u>Comments</u>	<u>Light</u>	<u>Garden Type</u>	<u>Height</u>	<u>Plant</u>	<u>Price</u>
	<i>cornus amomum</i>	Silky Dogwood	Foliage is aromatic and resembles that of ferns	F,P	FR,WA,DF	2-4'	18-24"	17.10
	<i>cornus racemosa</i>	Gray Dogwood	Spreads by suckering stems; many birds eat its white fruits in fall	F,P,S,	CA,WA,DF	15'	15-18"	15.45
	<i>cornus sericea</i>	Dogwood, Red-Osier	Red stems attractive in winter; spreads by suckering stems; tolerates wet soil	F	RG,WA,DF	6'	18-24"	13.50
	<i>diervilla lonicera</i>	Northern Bush Honeysuckle	Spreads by Suckering stems; very hardy, adaptable, on order	S,P	HB	3'	9-12"	18.00
	<i>gaylussacia baccata</i>	Black Huckleberry	Flowers dangle in groups of 3-7, orange and red, berries are dark blue, almost black; edible and sweet	S,P	HB	3'	#1	18.90
	<i>ilex verticillata</i> <i>Southern Gentleman (M)</i>	Winterberry, Black Alder	One male plant enough to pollinate up to 6 female plants	F,P	RG, DF	10'	15-18"	17.10
	<i>ilex verticillata</i> <i>Winter Red (F)</i>	Winterberry, Black Alder	Bright red fruits persist into midwinter: excellent wetland plant	F,P	RG, DF	10'	15-18"	19.95
	<i>itea virginiana</i> <i>Little Henry</i>	Virginia Sweetspire	Fragrant, tiny white flowers in late spring to early summer	F,P	RG,FR	4'	9-12"	25.20
	<i>kalmia angustifolia</i>	Sheep Laurel, Lambkill	Adaptable to many soils; best in very acid soil; poisonous to mammals	F,P	HB,GA	3'	#1	19.20
	<i>lindera benzoin</i>	Spicebush	Dioecious. Attractive in fall, aromatic leaves when crushed	F,P	RG,FR	12'	9-12"	13.80
	<i>myrica pennsylvanica</i>	Northern Bayberry	Good for massing; useful in poor soils; aromatic foliage	F,P	DA, CA	6'	15-18"	25.20
	<i>physocarpus opulifolius</i>	Ninebark	Good hedge plant; bark provides winter interest, dense foliage for nesting	F,P		10'	15-18"	14.25
	<i>prunus maritima</i>	Beach Plum	Good for edible landscape; salt-tolerant	F	DA,HB,RG	6'	18-24"	17.10
	<i>prunus virginiana</i>	Chokecherry	Spreads by suckering stems; white flowers in spring; wildlife food source	F	HB	30'	2-2.5'	21.75
	<i>rhododendron canadensis</i>	Rhodora	Magenta flowers in spring; best in very acid soil	F,P	RG	3'	6-9"	16.50
	<i>rhododendron (ledum) groenlandicum</i>	Labrador Tea	Transplants well; good for moist-to-wet naturalized sites	F,P		3'	12-15"	19.50

	<u>Scientific Name</u>	<u>Common Name</u>	<u>Comments</u>	<u>Light</u>	<u>Garden Type</u>	<u>Height</u>	<u>Plant</u>	<u>Price</u>
	<i>rhus aromatica</i>	Fragrant Sumac	Dense; low-growing; pretty in autumn; attracts birds and butterflies; excellent bank stabilizer; grouse and turkey cover	F,P,	HB,CA,FR	2'	15-18"	17.10
	<i>rosa carolina</i>	Pasture Rose	Pink single flowers in midsummer; small red hips persist into winter	F	HB,CA,FR,DF	5'	9-12"	16.50
	<i>rosa virginiana</i>	Virginia Rose	Spreads by suckering stems; good in dry and seaside sites; good hedge	F	HB,CA,FR,DF	5'	12-15"	16.35
	<i>salix discolor</i>	Pussy Willow	Fuzzy flowers in early spring; good for naturalizing; tolerates wet soil	S	RG,CA	15'	2-2.5'	15.30
	<i>sambucus canadensis</i>	American Elder	Useful in edible landscapes; tolerates alkaline soil	F	DF	12'	15-18"	19.50
	<i>spiraea latifolia</i>	Meadowsweet	Clusters of tiny white flowers in summer; attracts butterflies	F,P	CA	4'	9-12"	13.80
	<i>spirea tomentosa</i>	Meadowsweet	Pink to rose-purple flowers midsummer to early autumn	F	CA,RG	4'	6-9"	11.25
	<i>viburnum cassinoides</i>	Witherod Wild-raisin	Spring flowers; noted for handsome fruit displays	F,P	HB,FR,DF	6'	15-18"	22.35
	<i>viburnum dentatum</i>	Arrowwood Viburnum	Durable; good for hedges; tolerates alkaline soil	F,P	DF	15'	9-12"	16.35
	<i>viburnum lentago</i>	Nannyberry	Good for wildlife and naturalized landscapes	F,P	DA,DF	15'	15-18"	18.15
	<i>viburnum trilobum</i>	Highbush Cranberry	Excellent fall foliage and fruit color; edible fruit	S,P	DF	10'	12-15"	14.40
	<i>xanthoxia simplicissima</i>	Yellowroot	Panicles of small, star-shaped reddish-brown to purple-brown flowers	P	WA	28"	3-6"	13.20
Trees								
	<i>abies balsamia</i>	Balsam Fir	Open growth in hot, dry locations; evergreen; coastal trees susceptible to adelgids	F,P	FR,WA	75'	18-24"	20.55
	<i>acer pensylvanicum</i>	Striped Maple	yellow flowers in May, moose and deer browse, makes great whistles	P,S		25'	18-24"	18.90

	<u>Scientific Name</u>	<u>Common Name</u>	<u>Comments</u>	<u>Light</u>	<u>Garden Type</u>	<u>Height</u>	<u>Plant</u>	<u>Price</u>
	<i>acer saccharum</i>	Sugar Maple	Excellent orange-red fall color; beautiful large shade tree	F,P		75'	12-15"	13.20
	<i>betula papyrifera</i>	Paper birch	Beautiful white bark year-round; tolerates poor, dry soils	F	DA	70'	2-2.5'	20.55
	<i>carpinus caroliniana</i>	American Hornbeam	Shades of yellow, orange and red in fall; extremely hard wood, street tree	P,S		35'	2-2.5'	16.35
	<i>crataegus crusgalli</i>	Cockspur Hawthorn	Glossy green leaves; 2" thorns; persistent dark red fruits	F	HB,CA,WA	30'	2.5-3'	20.25
	<i>nyssa sylvatica</i>	Black Gum	Excellent yellow-orange fall leaf color	F,P	CA	50'	18-24"	18.45
	<i>pinus resinosa</i>	Red Pine	Good windbreak; tolerates dry soils well; evergreen	F	DA	80'	18-24"	18.90
	<i>pinus strobus</i>	Eastern White Pine	Handsome specimen; not tolerant of salt; evergreen	F	DA	80'	18-24"	18.90
	<i>prunus serotina</i>	Black Cherry	Profuse spring bloom, used to make jams and jellies, flavor liquors, one of the best trees for wildlife area	F,P	HB	80'	18-24"	17.10
	<i>thuja occidentalis</i>	N. White-Cedar/ Arborvitae	Useful hedge or specimen plant; susceptible to deer browse	F,P	CA	60'	18-24"	18.90
	<i>tsuga canadensis</i>	Canadian Hemlock/ Eastern Hemlock	Graceful evergreen; does not tolerate drought or windy sites; adelgid -susceptible	F,P,S		70'	12-15"	15.45
